## Enabling Pop-up Windows in Google Chrome

Pop-ups must be allowed in your web browser and other installed pop-up blocking programs including third-party toolbars (e.g., Google, Yahoo!, AOL) for Cengage Learning sites to display course content, important messages, and Help.

Note: Pop-ups can also be blocked by add-on toolbar software such as Google Toolbar, Yahoo! Toolbar, and AOL Toolbar. Refer to the sections below to enable pop-ups for these programs. For other pop-up blocking software, including security software, installed on your system consult the software's help documentation for instructions on allowing pop-ups.

Enabling Pop-up Windows in Internet Explorer

Pop-ups must be allowed in your web browser and other installed pop-up blocking programs including third-party toolbars (e.g., Google, Yahoo!, AOL) for Cengage Learning sites to display course content, important messages, and Help.

Note: Pop-ups can also be blocked by add-on toolbar software such as Google Toolbar, Yahoo! Toolbar, and AOL Toolbar. Refer to the sections below to enable pop-ups for these programs. For other pop-up blocking software, including security software, installed on your system consult the software's help documentation for instructions on allowing pop-ups.

To allow pop-ups in IE for Cengage Learning
Using the Google Toolbar
Using the Yahoo! Toolbar
Using the AOL Toolbar

To allow pop-ups in IE for Cengage Learning

1. Go to **Tools**(if you do not see Tools, press the Alt key to show the menu bar)> **Popup Blocker** and Select **Pop-up Blocker Settings**.
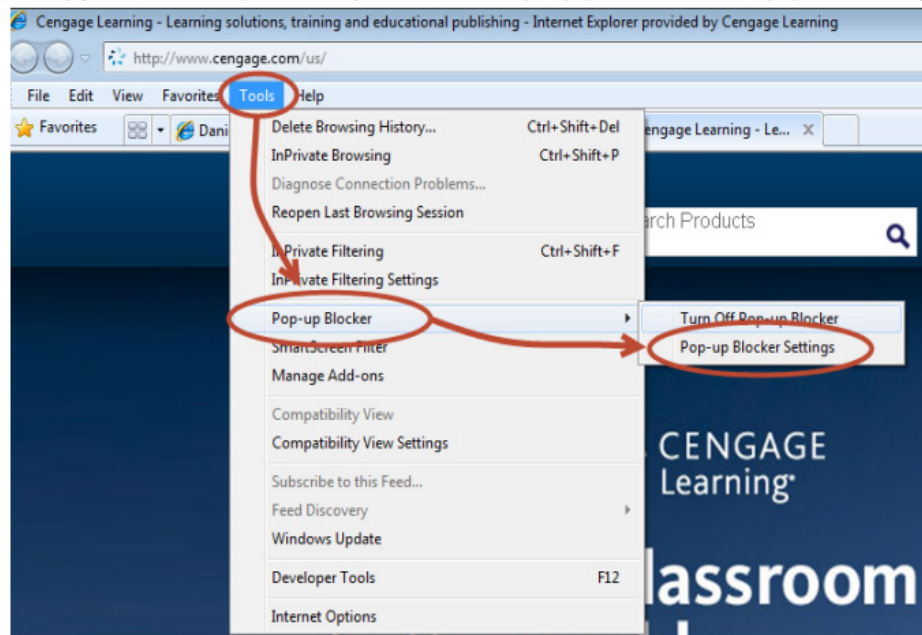

2. In the **Address of web site** field, type the name of the site hosting your Learning Management System (i.e. the URL of the website you logged into before attempting to access this content).

Often these names will follow the **convention 'lmsname'.'schoolname'.edu** (E.g. *.carnegiemellon.edu). Then click **Al**

The URL will appear in the list of allowed sites.
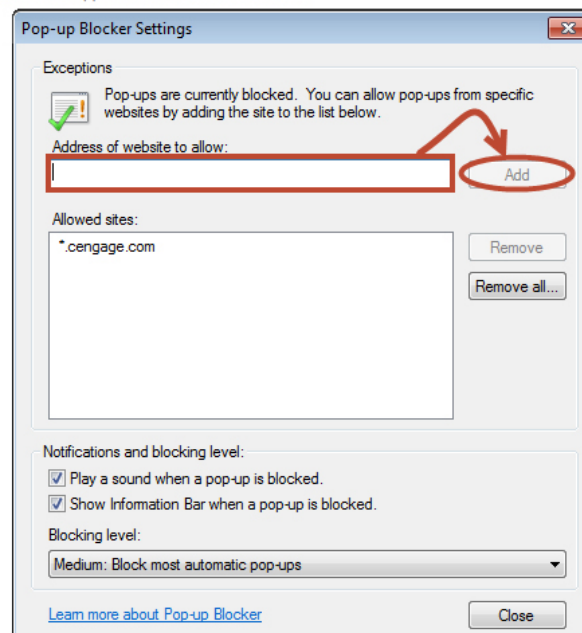

3. Click **Close**.
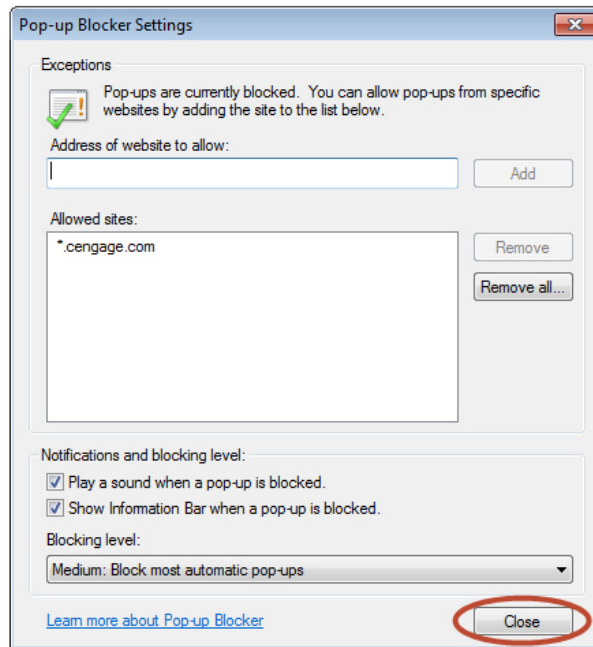

## To allow pop-ups from Cengage Learning using the Google Toolbar

Google toolbar includes pop-up blocking. This is an example of Google Toolbar:

1. Click the Popup blocker button on the Toolbar.

2. The button's icon should change from 'Popups blocked' to 'Popups allowed'.

If you allow pop-ups for the Cengage Learning website, the Pop-up Blocker saves your preference for future visits and adds the site to an 'Allowed sites' list. The next time that you visit Cengage Learning website, the Pop-up Blocker will continue to allow popup windows to appear.

To allow pop-ups from Cengage Learning using the Yahoo! Toolbar

The Yahoo! Toolbar includes pop-up blocking. This is an example Yahoo Toolbar:

1. From the **Pop-Up Blocker** menu on the Toolbar, select **Always Allow Pop-Ups From**.

The Pop-Up Blocker window opens.

2. Select ***.cengage.com** from the list of sources of recently blocked pop-ups at the top of the window, then click **Allow**.

3. Confirm your selection by clicking **OK**.
   The URL appears in the list of allowed sources.

4. Click **Close**.

To allow pop-ups from Cengage Learning using the AOL Toolbar

The AOL Toolbar includes pop-up blocking. This is an example AOL Toolbar:

1. Click **Settings** on the AOL toolbar.

2. Click **Pop-Ups** in the **Essentials** tab.

3. In the **Web Pop-Ups** tab of the **Pop-Up Control Settings** window select **Allow Web pop-ups from these sites**.

4. Enter ***.cengage.com**

5. Click **Add**.

6. Click **Save**.
