Class \_\_\_\_\_

# **Class Contract**

## **(Classes for John P. Bennett, Ed.D)**

I understand that after 3 absences in this class I will receive a ½ letter grade deduction for each additional absence up to my sixth absence from my final class average. At this point, if I miss more than 6 classes total (which is 20% of the class time), I will receive an “F” in class. Note 2 lates count as one absence.

There are no excused absences, since this is a participatory class. The only exception to this class policy is for activities that are “university approved activities”.

In addition, I understand that all of my work is to be typed and properly footnoted, and in to the professor on the due date assigned in class or it will receive a grade of “F”. Admission to class is based on having all of my work done and into the professor unless prior arrangements have been made with the professor.

Also, I will adhere to all other class policies as outlined in the class syllabus and those given to the class by the professor.
