

GIS JOURNALS

(List compiled by Dr. Halls, Department of Earth Sciences, UNCW)

Applied Geography, a journal devoted to the publication of research which uses geographical theory and methodology to resolve those human problems that have a geographical dimension. These problems may be related to the assessment, management and allocation of the world's physical and/or human resources/

Business Geographics

Cartographica

Cartography and Geographic Information Systems

Computers, Environment, and Urban Systems

Computers and Geoscience

Earth Observation and Remote Sensing, reports on the use of space technology to investigate the earth's natural resources, as well as applications such as geology, oceanography, meteorology, cartography, agriculture, forestry, hydrology, radiotechnology, computer technology, optics, electronics, astronautics, engineering. The journal seeks to provide state-of-the-art assessments, as well as the latest theoretical and applied research developments taking place in the former Soviet Union The Gordon and Breach Publishing Group:

Union The Gordon and Breach Publishing Group:

EOM (Earth Observation Magazine), The Leading Publication Integrating GIS, Mapping, Remote Sensing, Aerial Photography & GPS: <http://www.eomonline.com/>

Geo Info Systems, serves the geographic information systems community by presenting articles by real users tackling real problems with GIS and related spatial information technologies. Published by Advanstar Communications,
<http://www.geoinfosystems.com/welcome.htm>

Geocarto International: A Multi-disciplinary Journal of Remote Sensing and GIS, published quarterly in Asia by Geocarto International Centre:
<http://www.geocarto.com/geocarto.html>

Geoinformatica, An International Journal on Advances of Computer Science for Geographic Information Systems, published by Kluwer,
www.wkap.nl/journalhome.htm/1384-6175

GeoWorld

GIS Frontiers

GITA – Geospatial Information & Technology Association,

GPS World, published by Advanstar Communications, www.gpsworld.com

International Journal of Geographical Information Science: The aim of this interdisciplinary and international journal is to provide a forum for the exchange of original ideas, techniques, approaches and experiences in the rapidly growing field of geographical information systems (GIS). Published by Taylor & Francis:
<http://www.tandf.co.uk/journals/default.html>

International Journal of Remote Sensing, This journal is concerned with the science and technology of remote sensing and the applications of remotely sensed data in all major disciplines Published by Taylor & Francis:
<http://www.tandf.co.uk/journals/default.html>

ISPRS Journal of Photogrammetry and Remote Sensing, Official publication of the International Society of Photogrammetry and Remote Sensing, Elsevier Science.

Marine Geodesy: An International Journal of Ocean Surveys, Mapping, and Sensing. Published by Taylor & Francis:
<http://www.tandf.co.uk/journals/default.html>

Photogrammetric Engineering & Remote Sensing

Remote Sensing of Environment

Remote Sensing Review
