ABOUT GRANADA CORDOBA & SEVILLA

Are considered the three jewels of Andalucía (Southern Spain). The Moorish influence is everywhere. They are a beautiful historical and architectural treasure. They have some of the most important monuments anywhere on earth, many of which are designated as Heritage Sites by UNESCO. You will have the opportunity to see all these fascinating cities in great detail.

Nowadays, Andalucía is perhaps the most Spanish region in the country. Indeed, the popular image of 'real Spain' of ruined castles, flamenco dancers, sherry and bullfights has its roots here. The food is a delight, with the area noted for its seafood, sherry and of course the best tapas.
