Common mistakes:

* 1: Please make sure that you will write a country or state name before a name of a city. A Word with a bigger sense comes first. For example, if you want to write "Wilmington, NC." It should be written as "ノースカロライナのウilmington" Also, remember to write の to connect the nouns.

** 2: Another common mistake is the kanji for 年 and 生. The middle line in 年 does NOT go through the top while the middle line in 生 go through the top. Please look carefully.

***3: Please remember the spelling of "oo" and "ee ." The second "o" (extended vowel) in the "oo" is written with う as in せんこう (senkoo). The second "e" in the "ee" (extended vowel) is written with い as in せいじ (seeji)
