

COM 200 Library Workshop Schedule

Below is the library workshop rotation schedule. On the day you and your team are listed below, **go DIRECTLY** to library workshop location! Page two of this document has the rotation schedule for each of the four groups below. When are not required to be at a library workshop or our classroom you are required to be working on Research Project One and the Group Reflection Report wherever your group has agreed to meet. Look at our course syllabus to see what is due in class for the sessions you are in class.

- Reminder: The librarian will be taking attendance and reporting to me how the workshops went. Ten quiz points will be earned by attending. Be sure to ask questions, actively participate and do the things that will make our department proud!
- I will be asking you some touch pad questions about the workshop in a later class session.
- Be sure of where you will be **each** day for these activities so you are not late or unprepared. When you are to be in class be sure to check the schedule for what is due! There will be response pad quiz questions, etc. just as with other classes.
