

Career and Technology Education (CTE)

Programs/ opportunities in place

- Allied health
- Residential wiring
- Foods
- Drafting
- Standard vocational opportunities
- No academies
- Partnering with CFCC to promote STEM* (custom courses-cosmetology)
- Health
- Marketing
- Construction/Auto
- Early Childhood
- Consumer Science
- Partnership with college
- (get credit for passing)

Needed

- Vocational high school* (not possible)
- Academy format to promote career programs
- Space/building
- More CTE course offerings
- Transportation-internship
- Limited experiences- internship- teacher load

Accomplish together

- Sharing information about CTE programs that are available at schools within counties
- Use CFCC as the vocational school to publish CTE programs- Expand their offerings
- Transportation
- Availability of slots –partnership with CFCC
- More community involvement*
- Scheduling
- Understanding of program- students/parents (pathways/clusters
- Educating (parents/community)-Awareness*
- (Industrial partners)*
