### **List of Contributors**

No event comes together without the tremendous collaboration and assistance from many individuals. Here is a list of some of the people we need to thank for this event:

- The event and keynote speaker was funded by a UNCW Mentoring grant funded through the Center for Faculty Leadership.
- The Watson School of Education Outreach Alliance Office provided the venue, materials, and organization.
- It was co-sponsored by Communities in Schools of North Carolina who paid for the lunches and provided materials.
- The National Dropout Prevention Center generously provided us with the canvas bags, books and dropout prevention materials in the bags. Their staff worked hard to copy and collate the materials.
- Landfall Starbucks and Dunkin' Donuts graciously provided the morning refreshments.
- Other materials were supplied by UNCW and the Watson School of Education.
