\*\*Come to the reviews with specific problems or topics that you need help with. If you do not have any specific questions feel free to come and listen. (Remember that there are practice problems for each chapter on the UNCW MAT 111 Portal as well as a chapter review and review exercises at the end of each chapter in the textbook.)

**Take advantage of all of the optional review opportunities that you have so you are well prepared for the test.**

- Optional Reviews listed above
- Instructor office hours
- Free Tutoring in the University Learning Center on the first floor of Westside Hall (WE1056) [http://www.uncw.edu/stuaff/uls/math\\_learninglab.htm](http://www.uncw.edu/stuaff/uls/math_learninglab.htm)
