I. Gender, Number, Case From the paragraph, give the gender, numbr and case of the underlined words.

Iapetus duōs filiōs, Promētheum et Epimētheum, habet. Promētheus est vir magnae sapientiae; Epimētheus est vir sine sapientiā. Iuppiter Epimētheō bellam fēminam, Pandōram, dat. Promētheus Epimētheum dē Pandōrā saepe monet: "O Epimētheu, errās! Perīculum nōn vidēs. Nōn dēbēs fēminam accipere." Epimētheus Pandōram amat; dē periculō nōn cōgitat. Iuppiter Epimētheō arcam dat; nōn licet arcam aperīre. Sed Pandōra est curiōsa: "Quid in arcā est? Multa pecūnia? Magnus numerus gemmārum?" Fēmina arcam aperit. Multae fōrmae malī prōvolant et errant! Sed Pandora spem in arcā cōservat. Etiam sī vita plēna malōrum est, spem semper habēmus.
