1. Find the volume of the solid that lies within the cylinder  $x^2 + y^2 = 1$  above the  $z = 0$  plane and below the cone  $z^2 = x^2 + y^2$

2. Evaluate  $\iiint_E z dV$  where E lies between the sphere  $x^2 + y^2 + z^2 = 1$  and the cone  $z = \sqrt{x^2 + y^2}$  in the first octant.
