

"Blue Magnolia"

(2010)

22" x 24" Oil on Canvas.

- Created as part of an independent study of painting magnolias.
- This painting demonstrates my ability to use smooth lines and tight brush strokes in order to make the flower look more realistic.
- The monochromatic color scheme highlights my talent of working with light and dark hues to play with light.

"Antique Magnolia"

(2010)

20" x 24" Oil on Canvas.

- Created for the same study of magnolias.
- This painting differs from the blue magnolia in the sense that the colors are more natural to those of a real magnolia.
